Street : Vermont Av adjacent to Greek Theater

Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- Ok to film on the Vista Helipad.
- OK to set up 20ft trees on concrete bases and a picture car on the helipad.
- Co. may not stake into the helipad.
- OK to set up 40'x40' tent on dirt behind helipad.
- Tent must not block any walkways or trails.
- An on site Fire Inspector must be present as determined by LAFD.
- In event of an emergency, the Fire Inspector, along with the Park Film Monitor, will direct as necessary to vacate the Helipad or evacuate the park. This directive will be strictly enforced regardless of the status of film activity. **Location Manager must be aware of this risk.**
- Vehicles parked on the Helipad must be parked and attended in such a way as ALL vehicles can vacate the Helipad within 5 minutes.
- No standing sets, catering trucks, generators, dressing rooms, or other equipment that cannot be readily moved or driven off is allowed on Helipad.
- All vehicles & trucks on Vista Del Valle must be parked along one side of the road only.
- When vacating the premises, vehicles must vacate as to not damage the Helipad surface. Watch for raised edge as to not "bottom out" on the Helipad. Company will be held responsible for restorations.
- Pyrotechnics, stunts and special effects require approval of the Park Film Office.
- Production companies are responsible for monitoring the initial gate leading up to the Helipads.
- Company must not block trails at any time.
- Large trucks MAY NOT enter/exit thru residential streets from 10pm-7am (Vermont, Hillhurst, Commonwealth, Fern Dell).
- If the company needs to enter or exit the park prior to 7am or after 10pm must be routed up Mt. Hollywood via Travel Town side.
- MAY NOT access roads thru Commonwealth Ave. MUST use Vermont Ave. or Hillhurst Ave. NO EXCEPTIONS.
- OK to basecamp and cater at Greek Lot 2.
- Must park north of the chain link fence.
- Must park all vehicles legally in the parking lot.

- May not park in or block any handicap spaces.
- May not block any access roads, driveways or dumpsters.
- OK to crew park on Vermont Canyon Road.
- All parks must be legally parked.
- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permittee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permittee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.
- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permittee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.
